Fees 2027

There are three kinds of fees. Here is what each one is and when you pay it.

1 When you apply

Once-off

Application Assessment Fee — **R5 000**

Paid with your application. Our team reviews and assesses your child's application. Not refundable.

2 When your child is accepted

Admission Fee · Once-off — **R30 000**

You get 45% back (R13 500) if your child moves on to another school. You need to give us one term's notice and your fees must be paid up.

Capital Development Levy · Every year — **R6 000**

Paid when your child is admitted and then once a year after that.

3 Every month

Paid over 12 months

	Per month	Per year
School fees: Grade R	**R12 500**	R150 000
School fees: Grade 1 to 3	**R13 375**	R160 500

Save 3% when you pay the full year's school fees upfront: Grade R R145 500 and Grade 1 to 3 R155 685.

Therapy fees

Each child needs different therapy. We work out your child's therapy fees after your admission feedback meeting.

Aftercare · Only if required — **R340** per day

Charged per day. Includes a healthy snack.

Good to know

- Therapy is part of every school day. It is done in-house by our own team, every learner takes part and it is charged on top of school fees.
